

## Cucumber Smoothie Color Correcting Primer with Vertasil® TM-L01, SiBrid® DE-12, & SiBrid® PM-212

Banish embarrassing facial redness and and soften those worry lines and wrinkles over your cyclopentasiloxane (D<sub>5</sub>) concerns. Gelest's Limoneyltrisiloxane, Vertasil® TML-01, as used in this Cucumber Smoothie Primer, can provide a similar light weight, non oily feel during application with more substantive and silkier after feel than cyclopentasiloxane. This primer can be used alone as a soft focus and color correcting serum or as a primer under makeup.

Name	Ingredient	Supplier	Wt%
<b>PHASE A</b>			
Dimethicone/Vinyl Dimethicone Crosspolymer			q.s.
<b>Polydiethylsiloxane</b>	<b>SiBrid® DE-12</b>	<b>Gelest</b>	<b>15.00</b>
