Jonathan Goff Promoted to VP, Youlin Pan Named Senior Research Fellow at Gelest

MORRISVILLE, Pa. (Mar. 7, 2018) – Dr. Jonathan Goff has been promoted to Vice President of Research & Development at Gelest, Inc., and Dr. Youlin Pan has been named Senior Research Fellow, adding to his current title of Senior R&D Manager.

Dr. Goff will broaden his role as a strategic partner in facilitating customer relationships, research initiatives and operational efficiencies. He will continue to manage the Polymer Development and Technical Services groups, and to help lead the Silanes & Metal-Organics and Research Engineering groups. An 8-year veteran of Gelest, Dr. Goff has been an integral part of the Research & Development team's growth.

Dr. Pan is Senior Research & Development Manager of Silanes & Metal Organics, and Senior Research Fellow. In addition to continuing to manage his research & development group, Dr. Pan will broaden his role in developing and expanding the capabilities of Gelest Research & Development and overall operations. He has been with Gelest for over 21 years, and is a trusted resource for silicon and metal-organic chemistry expertise.

About Gelest

Gelest, Inc., headquartered in Morrisville, Pennsylvania, is recognized worldwide as an innovator, manufacturer and supplier of commercial and research quantities of organosilicon compounds, metal-organic compounds and silicones. Gelest serves advanced technology markets through a materials science-driven approach. The company provides focused technical development and application support for semiconductors, medical materials, pharmaceutical synthesis, diagnostics and separation science, and specialty polymeric materials: "Gelest – Enabling Your Technology." www.gelest.com
