

Safety Data Sheet SIC2455.0 Date of issue: 09/22/2015 Version: Version: 1.0

| SECTION 1: Identification of the sub  | stance/mixture and of the cor   | mony/undortaking   |       |
|---|---|--|-------|
|   | stance/mixture and of the cor   | npany/undertaking  |       |
|   | . Cubatanaa   |  |       |
| Product form  | : Substance   |  |       |
| Physical state  |   |  |       |
| Substance name  | : 3-CYANOPROPYLTRIETHOXYSIL   | ANE  |       |
| Product code  | : SIC2455.0   |  |       |
| Formula   |   |  |       |
| Synonyms  | : 4-(TRIETHOXYSILYL)BUTYRONIT   | RILE   |       |
| Chemical family   | : ORGANOETHOXYSILANE  |  |       |
|   | tance or mixture and uses advised a   | gainst   |       |
| Use of the substance/mixture  | : Chemical intermediate<br>For research and industrial use only               | 1  |       |
| 1.3. Details of the supplier of the safety  | data sheet  |  |       |

Unknown acute toxicity (GHS US)

**SECTION 3: Composition/information on ingredients** 

Safety Data Sheet

2.4.

No data available

to acetaldehyde and acetic acid which in large quantities result in metabolic acidosis, CNS depression and death due to respiratory arrest. The US OSHA PEL (TWA) for ethanol is 1000 ppm. This product contains ethanol which is classified as a carcinogen by IARC in alcoholic beverages.

| 3.1. Substance   |   |                  |  |
|--|---|------------------|--|
| Substance type   | : Mono-constituent  |                  |  |
| Name   | : 3-CYANOPROPYLTRIETHOXYSILANE  |                  |  |
| CAS No   | : 1067-47-6   |                  |  |
| EC no  | : 213-931-4   |                  |  |
| Name   | Product identifier  | %                | Classification (GHS-US)  |
| 3-Cyanopropyltriethoxysilane   | (CAS No) 1067-47-6  | 95 -<br>100      | Flam. Liq. 4, H227<br>Skin Irrit. 2, H315<br>Eye Irrit. 2A, H319 |
| 3.2. Mixture   |   |                  |  |
| Not applicable   |   |                  |  |
| SECTION 4: First aid measures  |   |                  |  |
| 4.1. Description of first aid measur   | es  |                  |  |
| First-aid measures general   | : Remove contaminated clothing and shoes. In medical advice immediately (show the label w available show packaging or label. IF exposed | here possible).  | If possible show this sheet; if not                              |
| First-aid measures after inhalation  | : Remove victim to fresh air and keep at rest in<br>unwell, seek medical advice.  | a position com   | fortable for breathing. If you feel                              |
| First-aid measures after skin contact  | : Wash with plenty of soap and water. Get med   | ical advice/atte | ntion.   |
| First-aid measures after eye contact   | : Immediately flush eyes thoroughly with water<br>present and easy to do. Continue rinsing. Cor   |                  |  |
| First-aid measures after ingestion   | : Never give anything by mouth to an unconsci   | ous person. Ge   | t medical advice/attention.                                      |
| 4.2. Most important symptoms and   | effects, both acute and delayed   |                  |  |
| Symptoms/injuries after inhalation   | : May cause irritation to the respiratory tract.  |                  |  |
| Symptoms/injuries after skin contact   | : Causes skin irritation.   |                  |  |
| Symptoms/injuries after eye contact  | : Causes serious eye irritation.  |                  |  |
| Symptoms/injuries after ingestion  | : May be harmful if swallowed.  |                  |  |
| Chronic symptoms   | : On contact with water this compound liberates<br>on the central nervous system.   | s ethanol which  | is known to have a chronic effect                                |
| 4.3. Indication of any immediate m   | edical attention and special treatment needed   |                  |  |
| NOTE TO PHYSICIAN: This product reacts   | s with water in the acid contents of the stomach to form  | ethanol.         |  |
| SECTION 5: Firefighting measur   | res   |                  |  |
| 5.1. Extinguishing media   |   |                  |  |
| Suitable extinguishing media   | : Water spray. Foam. Carbon dioxide. Dry cher   | nical.           |  |
| Jnsuitable extinguishing media   | : Do not use straight streams.  |                  |  |
| 5.2. Special hazards arising from the second | ne substance or mixture   |                  |  |
| Fire hazard  | : Combustible liquid. Irritating fumes and organ<br>exposed to water or open flame.   | ic acid vapors n | nay develop when material is                                     |
| 5.3. Advice for firefighters   |   |                  |  |
| Firefighting instructions  | : Use water spray to cool exposed surfaces. Ex  | ercise caution   | when fighting any chemical fire.                                 |
| Protection during firefighting   | : Do not enter fire area without proper protectiv<br>Avoid all eye and skin contact and do not brea                                     |                  |  |
| SECTION 6: Accidental release  | measures  |                  |  |
| 6.1. Personal precautions, protecti  | ve equipment and emergency procedures   |                  |  |
| General measures   | : Remove ignition sources. Use special care to  | avoid static ele | ctric charges.   |
| 6.1.1. For non-emergency personnel   |   |                  |  |
| Protective equipment   | : Wear protective equipment as described in Se  | ection 8.        |  |

Emergency procedures

Safety Data Sheet

| 6.1.2. For emergency responders                   |   |
|---|---|
| Protective equipment                              | : Do not attempt to take action without suitable protective equipment. Equip cleanup crew with  |
|   | proper protection. For further information refer to section 8: "Exposure controls/personal  |
|   | protection".  |
| 6.2. Environmental precautions                    |   |
| Prevent entry to sewers and public waters. Notify | authorities if liquid enters sewers or public waters.   |
| 6.3. Methods and material for containment         | nt and cleaning up  |
| For containment                                   | : Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.  |
| Methods for cleaning up                           | <ul> <li>Clean up any spills as soon as possible, using an absorbent material to collect it. Sweep or<br/>shovel spills into appropriate container for disposal. Use only non-sparking tools.</li> </ul>                    |
| 6.4. Reference to other sections                  |   |
| See Heading 8. Exposure controls and personal p   | rotection.  |
| SECTION 7: Handling and storage                   |   |
| 7.1. Precautions for safe handling                |   |
| Additional hazards when processed                 | : Keep away from heat/sparks/open flames/hot surfaces No smoking.   |
| Precautions for safe handling                     | : Avoid all eye and skin contact and do not breathe vapor and mist. Provide good ventilation in process area to prevent accumulation of vapors. Ground/bond container and receiving equipment. Use only non-sparking tools. |
| Hygiene measures                                  | : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Wash contaminated clothing before reuse.  |
| 7.2. Conditions for safe storage, including       | g any incompatibilities   |
| Storage conditions                                | : Keep container tightly closed. Keep in a cool place.  |
| Incompatible materials                            | : Moisture. Water.  |
| Storage area                                      | : Store in a well-ventilated place. Store away from heat.   |
| 7.3. Specific end use(s)                          |   |
| No additional information available               |   |
| SECTION 8: Exposure controls/perso                | nal protection  |
| 8.1. Control parameters                           |   |
| No additional information available               |   |
| 8.2. Exposure controls                            |   |
|   | : Provide local exhaust or general room ventilation.  |
| Personal protective equipment                     | : Avoid all unnecessary exposure. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.  |
| Hand protection                                   | : Neoprene or nitrile rubber gloves.  |
| Eye protection                                    | : Chemical goggles. Contact lenses should not be worn.  |
| Skin and body protection                          | : Wear suitable protective clothing.  |
| Respiratory protection                            | : Where exposure through inhalation may occur from use, respiratory protection equipment is   |
|   | recommended. NIOSH-certified combination organic vapor - amine gas (brown cartridge) respirator.  |
| <b>SECTION 9: Physical and chemical p</b>         | roperties   |
| 9.1. Information on basic physical and ch         | emical properties   |
| Physical state                                    | : Liquid  |
| Appearance  | : Clear liquid.   |
| Molecular mass                                    | : 231.37 g/mol  |
| Color   | : Straw.  |
| Odor  | : Mild.   |
| Odor threshold                                    | : No data available   |
| Refractive index                                  | : 1.4174  |
| рН  | : No data available   |
| Relative evaporation rate (butyl acetate=1)       | : No data available   |
| Melting point                                     | : No data available   |
| Freezing point                                    | : <0°C  |
| Boiling point                                     | : 79 - 80 °C @ 0.6 mm Hg  |
| Flash point                                       | : 74 °C   |

Safety Data Sheet

| Auto-ignition temperature                          | : No data available                      |
|--|--|
| Decomposition temperature                          | : No data available                      |
| Flammability (solid, gas)                          | : Combustible liquid                     |
| Vapor pressure                                     | : No data available                      |
| Relative vapor density at 20 °C                    | : >1                                     |
| Relative density                                   | : 0.961                                  |
| Solubility   | : Insoluble in water. Reacts with water. |
| Log Pow  | : No data available                      |
| Log Kow  | : No data available                      |
| Viscosity, kinematic                               | : 2.3 cSt                                |
| Viscosity, dynamic                                 | : No data available                      |
| Explosive properties                               | : No data available                      |
| Oxidizing properties                               | : No data available                      |
| Explosion limits                                   | : No data available                      |
| 9.2. Other information                             |  |
| No additional information available                |  |
| SECTION 10: Stability and reactivity               | ,  |
| 10.1. Reactivity                                   |  |
| No additional information available                |  |
| 10.2. Chemical stability                           |  |
| Stable in sealed containers.                       |  |
| 10.3. Possibility of hazardous reactions           |  |
| Reacts with water and moisture in air liberating e | ethanol.                                 |
| 10.4. Conditions to avoid                          |  |
| Heat. Open flame. Sparks.                          |  |

| Tieat. Open hame. Sparks.              |  |
|--|--|
| 10.5. Incompatible materials           |  |
| Moisture. Water.                       |  |
| 10.6. Hazardous decomposition products |  |
| Ethanol. Organic acid vapors.          |  |
| SECTION 11: Toxicological information  |  |

#### 11.1. Information on toxicological effects

| Acute toxicity                                      | : Not classified   |
|---|--|
| 3-Cyanopropyltriethoxysilane (1067-47-6)            |  |
| LD50 oral rat                                       | 2460 mg/kg   |
| ATE US (oral)                                       | 2460.000 mg/kg body weight   |
| Skin corrosion/irritation                           | : Causes skin irritation.  |
| Serious eye damage/irritation                       | : Causes serious eye irritation.   |
| Respiratory or skin sensitization                   | : Not classified   |
| Germ cell mutagenicity                              | : Not classified   |
| Carcinogenicity                                     | : Not classified   |
| Reproductive toxicity                               | : Not classified   |
| Specific target organ toxicity (single exposure)    | : Not classified   |
| Specific target organ toxicity (repeated exposure)  | : Not classified   |
| Aspiration hazard                                   | : Not classified   |
| Potential Adverse human health effects and symptoms | : This compound liberates ethanol on contact with moisture. Material generates ethanol on contact with water or moisture in skin, eyes and mucous membranes and has an irritating, dehydrating effect on overexposed tissue. |
| Symptoms/injuries after inhalation                  | : May cause irritation to the respiratory tract.   |
| Symptoms/injuries after skin contact                | : Causes skin irritation.  |
| Symptoms/injuries after eye contact                 | : Causes serious eye irritation.   |
| Symptoms/injuries after ingestion                   | : May be harmful if swallowed.   |
| Chronic symptoms                                    | : On contact with water this compound liberates ethanol which is known to have a chronic effect on the central nervous system.   |

Safety Data Sheet

| Reason for classification  | : Expert judgment   |
|--|---|
| <b>SECTION 12: Ecological information</b>                        |   |
| 12.1. Toxicity   |   |
| No additional information available                              |   |
| 12.2. Persistence and degradability                              |   |
| No additional information available                              |   |
| 12.3. Bioaccumulative potential                                  |   |
| No additional information available                              |   |
| 12.4. Mobility in soil   |   |
| No additional information available                              |   |
| 12.5. Other adverse effects                                      |   |
| Other adverse effects  | : This substance may be hazardous to the environment.   |
| Effect on ozone layer  | : No additional information available   |
| Effect on the global warming                                     | : No known ecological damage caused by this product.  |
| SECTION 13: Disposal consideration                               | IS  |
| 13.1. Waste treatment methods                                    |   |
| Sewage disposal recommendations                                  | : Do not dispose of waste into sewer.   |
| Waste disposal recommendations                                   | : May be incinerated. Dispose in a safe manner in accordance with local/national regulations.<br>Dispose of contents/container to licensed waste disposal facility.   |
| Ecology - waste materials  | : Avoid release to the environment.   |
| SECTION 14: Transport information                                |   |
| 14.1. UN number  |   |
| DOT NA no.   | NA1993  |
| 14.2. UN proper shipping name                                    |   |
| Proper Shipping Name (DOT)                                       | : Combustible liquid, n.o.s.<br>(3-CYANOPROPYLTRIETHOXYSILANE)  |
| Department of Transportation (DOT) Hazard<br>Classes             | : 3 - Class 3 - Flammable and combustible liquid 49 CFR 173.120   |
| DOT Symbols  | : D - Proper shipping name for domestic use only, or to and from Canada,G - Identifies PSN requiring a technical name   |
| Packing group (DOT)  | : III - Minor Danger  |
| DOT Packaging Exceptions (49 CFR 173.xxx)                        | : 150   |
| DOT Packaging Non Bulk (49 CFR 173.xxx)                          | : 203   |
| DOT Packaging Bulk (49 CFR 173.xxx)                              | : 241   |
| 14.3. Additional information                                     |   |
| Other information  | : No supplementary information available.   |
| Special transport precautions                                    | : This product is Combustible as defined by the US Department of Transportation (DOT). It is regulated for transport in the US in container > 119 gallons. The product is not regulated for transport by the IATA, ADR/RID, ADNR or the IMDG regulations. |
| Transport by sea   |   |
| DOT Vessel Stowage Location                                      | : A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.   |
| Air transport  |   |
| DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27) | : 60 L  |
| DOT Quantity Limitations Cargo aircraft only (49<br>CFR 175.75)  | : 220 L   |
| SECTION 15: Regulatory information                               |   |
| 15.1. US Federal regulations                                     |   |
| 3-Cyanopropyltriethoxysilane (1067-47-6)                         |   |
| Listed on the United States TSCA (Toxic Subst                    | ances Control Act) inventory  |
| 15.2. International regulations                                  |   |

Safety Data Sheet

| 3-Cyanopropyltriethoxysilane (1067-47-6)              |
|---|
| Listed on the ALCC (Australian Inventory of Chamical) |

Listed on the AICS (Australian Inventory of Chemical Substances) Listed on the Canadian NDSL (Non-Domestic Substances List)

Listed on IECSC (Inventory of Existing Chemical Substances Produced or Imported in China)

Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances)

Japanese Poisonous and Deleterious Substances Control Law
